

2010 CCFSA Shotgun Safety Camp

CCFSA will hold its 8th annual Shotgun Safety Camp June 14-17 at the Clinton County Farmers' and Sportsmen's Association on Batson Road in Wilmington. The camp is designed to teach safety and shotgun shooting to the beginner as well as to fine tune the skills of the more advanced shooter. The week is geared primarily around Shotgun safety and shooting. This year we may also have an opportunity to offer a section on pistol shooting. The participants are divided into groups based on their experience. Each day the participants hit the ranges for practice and instruction. One day will be dedicated to samplers of different shooting sports activities. Sponsors for the camp include CCFSA, The Ohio Gun Collectors Association, Ohio Department of Natural Resources, NRA and American Equipment.

Registration forms can be accessed on the clubs website www.ccfssa.com
